Location:	IISc, Challakere Campus	Travel Required:	Yes. Within District
Job Code	SEED-004	Position Type:	Contract (annually renewable)

About STI Hub in IISc Challakere

This recruitment drive is for a Science Technology and Innovation (STI) hub in IISc campus at Challakere which is a SID-DST project. **This project is dedicated towards technology and innovation in rural India which can contribute to upliftment of underprivileged communities.** Chitradurga is an agriculture and livestock centric economy and viable technological interventions/innovations would help increase the farmer's income as well as generate employments with help of local entrepreneurs. Hub's goal is to enhance the life quality of Chitradurga region residents by resolving their agriculture and livestock issues through Technology and Innovation.

Job Description

ROLE AND RESPONSIBILITIES

- Will be in charge of experiments related to innovation, technology and development
- Will manage the prototyping facilities, design the appropriate experiments
- Actively building the prototypes/designs being developed in Hub
- Will report to SID to summarize the Hub's research and technical progress regularly.
